# THE READING ROOM

Overlooking our gardens, the Reading Room features an abundance of original features, including 5.4m high ceilings adorned with original Edwardian coving, and remarkable full-length windows that bathe the room in natural light.

The magnificent fireplace is set below a beautiful oval mirror, which dates to the hotel's opening, and the shimmering antique Venetian chandelier reflects within it, sending glittering light around the room. The perfect focal point for the end of your wedding aisle.

Have the mirrored doors open to the Drawing Room next door to make a huge apartment of the two rooms or keep them separate and use the Reading Room for your ceremony and the Drawing Room for your wedding breakfast.
